

Disassembling Samsung TFT Color YP-T7J The Back Cover

The goal of this guide is to show you how to remove the back cover of the Samsung TFT Color YP-T7J. Removing the back cover is needed in order to repair and replace parts in the Samsung TFT Color YP-T7J.

Written By: Dylan Peters

TOOLS:

- [iFixit Opening Tools](#) (1)
 - [Phillips #0 Screwdriver](#) (1)
-

Step 1 — The Back Cover

- Remove the 2 screws on the back cover using a Phillips head #0 screwdriver.

Step 2

- Remove the screw on each side of the device using a Phillips head screwdriver.

Step 3

- Using the plastic opening kit, place the prying end of the kit into the opening created by removing the screws.
- Gently pry open the back cover. Insert the plastic opening tool in between the cover joints.

To reassemble your device, follow these instructions in reverse order.
